FOR IMMEDIATE RELEASE

## 50 SHOWS, 50 STATE CAPITALS, 50 DAYS – A FIRST IN HISTORY

On September 8<sup>th</sup> 2008, Comedian Morgan Preston, Brad Brake, and a film crew will leave on a history making tour which will cover all 50 states. The catch is that the shows will be finished within 50 days and will only hit the state capitols.

Starting in Austin, Texas on September 8<sup>th</sup> and ending in Honolulu, Hawaii on October 27<sup>th</sup>, this is the first time in history that a tour of this magnitude has been accomplished. The show will be touring in a large 40' fifth wheel RV and filmed for a documentary called Almost Famous Too- comedy, tragedy.....LIFE.

The goal of the film is not to be another comedian road trip film but a look at the many characters and experiences our country has to offer and how each of the comedians deals with these experiences. Will they make it, can they handle 50 straight grueling days on the road living with each other and a film crew in 250 sq feet or will somebody snap.....we can only hope.
